

2 Academic Programs and Schools

Schools and Structure

EAFIT University is organized into several schools: Management, Engineering, Law, Humanities, Finance, Economics and Government, and Sciences. Each school operates with academic autonomy but collaborates on interdisciplinary projects and courses.

Undergraduate Programs

The university offers a diverse range of undergraduate degrees such as International Business, Systems Engineering, Mechanical Engineering, Law, and Political Science. Many programs emphasize bilingual education and project-based learning.

Graduate and Executive Education

EAFIT provides master's and doctoral programs in fields like Applied Mathematics, Data Science, Business Administration (MBA), and Law. It also offers executive education through its Center for Management Development, designed for professionals and companies seeking continuous learning.

Academic Excellence

EAFIT's programs are accredited by national and international bodies. Its faculty includes scholars with strong research backgrounds and industry experience, which strengthens the link between theory and practice.
