

## **4 Internationalization and Global Partnerships**

### **Global Outlook**

EAFIT University is deeply committed to internationalization as a pillar of its strategic vision. It maintains academic cooperation agreements with more than 200 universities around the world.

### **Student Mobility**

The institution offers exchange programs that allow students to study abroad in countries such as the United States, France, Germany, and Australia. Similarly, EAFIT receives international students every semester, creating a multicultural learning environment.

### **Partnerships and Networks**

EAFIT is part of multiple academic and research networks, including the Latin American Council of Management Schools (CLADEA) and the International Association of Universities (IAU). These partnerships enhance collaborative research and academic development.

### **Language and Culture**

The university promotes multilingualism through its Language Center, which offers courses in English, French, German, and other languages. Cultural immersion programs are also available for international visitors.
